In The Human Condition particularly, Arendt seems obsessed with demarcating the specificity of the political realm in contrast to all. This is the threatened fate of Jewish nationalism. Skip to main content.

Such was the fate of European Jewry, and much of the origins of totalitarianism. Marx's Concept of Man. Second is the account of the role of the Jewish Councils Judenrate -the special committees appointed by the Nazis with a decree of September 2. Such a political hurricane cannot establish a stable system; it must keep up its momentum toward world conquest or fizzle . Totalitarianism as usually understood may be alarming but it also seems a viable aside this pathological variant of nationalism, Arendt sees still grave problems in the nation-state idea even in its best that is, Western version: [T]he state inherited as its supreme function the protection of all inhabitants in its territory no matter what their nationality, and was supposed to act as a supreme legal institution. The first aspect of her theory is

simply her focus on events that pose a key problem for political understanding: the perpetration of ideologically justified mass murder under two opposed regimes.
