Wikimedia Commons has media related to Fishing boats. Running costs include fuel, lubricants, the cost of selling fish, harbour dues, the cost of bait, salt, ice, packing materials and of food and supplies for the crew. Ruth Artmonsky.

The law also regulates fishing gear essentially through mesh size regulation. Vessel costs became the second most important cost element and running costs become the least important cost element because of the lower fuel expenses. For this purpose, a "zero growth" policy for marine capture fisheries has been adopted, which includes the following management measures and regulations:.

Titel: Traditional Fishing Boats of Europe.

FrixosSekkides. We'll publish them on our site once we've reviewed. The Peruvian fishing fleet is rather old, except for purse seiners fishing for canneries.
