Brown introduces a further distinction between Mass-factors and Elite-factors. NGOs and other humanitarian organizations have the advantage of being in dispute-prone areas for years before conflict or violence actually breaks .

These are summarized as follows: Questions to Consider Before Taking Action

A provisional answer comes from the results of a previous investigation by a National Conflicts: Prevention Research Council committee that reviewed the state of knowledge relevant to preventing major international conflict, including nuclear war. These deadly conflicts have led to widespread devastation and regional instabilities, as well as large numbers of refugees. Finally, the involvement in conflict prevention and management reveals the dilemma between mitigating a humanitarian crisis and finding a long-term solution.

That report used the term structural prevention broadly to include all strategies. The continued importance will depend not only on their usefulness to diplomats in the aid-donor states but also on their

acceptance by the parties to the conflicts they want to resolve. It seems likely, though, that efforts to pre.
