However, what we will discuss here is more closely related to filmic discourse: both *O Bandido da Luz Vermelha* and *Luz nas Trevas* are films that allow us to understand the composition of identities associated with the periphery. While on this subject, we should also reflect on the role of neo-Pentecostal religions, especially in relation to the election of Jair Bolsonaro to the presidency of the republic. Fig Sum: automatically generating structured text summaries for figures in biomedical literature.
