Jay Resh, along with his whole family, played a role that goes beyond research or reports. These families require an upfront investment that ensures the single provider is able to speak English, receive the emotional support of local community institutions, and make long term plans to care for the family. During the focus group, Syrian refugees indicated they would have preferred to have a shorter stay in temporary hotels and to have been set up in permanent housing sooner.

Longitudinal research to promote effective refugee resettlement. In content section. VOLAGs, however, generally maintain contact throughout the first year of resettlement and by virtue of their work, remain connected to refugee communities. Thank You!
