Van Gogh painted it in shortly after moving to Paris and beginning to favor the brighter colors and bolder brushwork of the Impressionists. It also happens to be a very common allergen, which explains why allergy sufferers might be sensitive to cosmetics and other fragrances – as well as gin. Why does the firing of a cannon over the water sometimes bring to the surface the Why can we drive on the head of a hammer by simply striking the end of the handle? It turns out the tiny Lizard peninsula – whose name comes from the Cornish word lezou or headland – is the southernmost point on the British mainland, jutting out into the sea off the coast of Cornwall. Why is the indium bob always made flat? In a macabre gesture beyond belief he had to crawl across the floor to get to the ayahuasca bottle and because he had no fingers, he had to pull out the cork with his teeth, holding it in the stumps of his hands.
